Cadernos de Saúde

Contributor Roles Taxonomy

Role	Description
Conceptualização **Conceptualization**	Ideas; formulation or evolution of overarching research goals and aims
Gestão dos dados **Data curation**	Management activities to annotate (produce metadata), scrub data and maintain research data (including software code, where it is necessary for interpreting the data itself) for initial use and later re-use.
Análise dos dados **Formal Analysis**	Application of statistical, mathematical, computational, or other formal techniques to analyse or synthesize study data
Aquisição de financiamento **Funding acquisition**	Acquisition of the financial support for the project leading to this publication
Investigação **Investigation**	Conducting a research and investigation process, specifically performing the experiments, or data/evidence collection.
Metdologia **Methodology**	Development or design of methodology; creation of models.
Gestão do projeto **Project administration**	Management and coordination responsibility for the research activity planning and execution.
Gestão de recursos **Resources**	Provision of study materials, reagents, materials, patients, laboratory samples, animals, instrumentation, computing resources, or other analysis tools.
Software	Programming, software development; designing computer programs; implementation of the computer code and supporting algorithms; testing of existing code components.
Supervisão **Supervision**	Oversight and leadership responsibility for the research activity planning and execution, including mentorship external to the core team.
Validação **Validation**	Verification, whether as a part of the activity or separate, of the overall replication/reproducibility of results/experiments and other research outputs.
Visualização **Visualization**	Preparation, creation and/or presentation of the published work, specifically visualization/data presentation.
Escrita – 1ª versão **Writing – original draft**	Preparation, creation and/or presentation of the published work, specifically writing the initial draft (including substantive translation)
Escrita – revisão e edição **Writing – review & editing**	Preparation, creation and/or presentation of the published work by those from the original research group, specifically critical review, commentary or revision – including pre- or post-publication stages.
